ABOUT ME

Data Analyst with hands-on experience analyzing datasets of up to 10K+ rows and building 10+ interactive dashboards using Power BI, Excel, SQL, and Python.

Skilled in transforming complex data into actionable insights, improving reporting efficiency by up to 30% through data visualization and KPI tracking.

Passionate about helping businesses make data-driven decisions using clear, impactful analytics solutions.

EDUCATION

Al Nahda University | 2023-2026

Bachelor of Computer Science

CERTIFICATIONS

- [Microsoft Power BI Data Analyst](#)
- [Data Analyst Specialist \(DEPI \)](#)
- [Machine Learning \(NTI \)](#)

PROJECTS

Blinkit Dashboard

Built an end-to-end Power BI dashboard analyzing 10K+ retail records (sales, products, outlets, customer behavior) using Power Query and DAX.

Developed 15+ KPIs to track sales performance and customer trends.

Created interactive visualizations that improved data analysis efficiency by ~30%.

Hospital Dashboard

[See it now](#)

Developed a Power BI dashboard analyzing 5K+ hospital records (doctors, patients, appointments, revenue) using SQL, Power Query, and DAX.

Built 10+ KPIs to monitor operational and financial performance.

Delivered insights that helped identify key inefficiencies in scheduling and revenue streams.

Supply Chain & Logistic Dashboard

Built a Power BI dashboard to track inventory, suppliers, and logistics data (8K+ records) using Power Query and DAX.

Designed 12+ KPIs for warehouse and supply chain performance monitoring.

Improved visibility of supply chain operations, reducing reporting time by ~25%.

SKILLS

Data Analysis & BI : Data Analysis, Cleaning, Wrangling, EDA, KPI Development, Dashboarding, Data Visualization, Storytelling.

Tools & Tech : Power BI, Excel, Tableau, Looker Studio, Jupyter, SQL, Python, R, DAX, M (Pandas, NumPy, Matplotlib, Seaborn, Plotly, Scikit-learn).

Soft Skills : Analytical & Critical Thinking, Communication, Presentation, Attention to Detail.

WORK EXPERIENCE

Financial Analysis Project – Vision 2030 (Saudi Arabia)

- Analyzed capital investment impact using real-world economic data aligned with Vision 2030 goals.
- Built structured datasets in Excel and developed interactive dashboards in Power BI.
- Delivered a professional financial report including insights, trends, and strategic recommendations.

Freelance Data Analyst | Khamsat, Mostaq, Nafithly

- Designed and developed interactive Power BI dashboards for multiple clients across different domains.
- Performed data cleaning, transformation, and modeling using Power Query & DAX.
- Delivered actionable insights and business reports to support data-driven decisions.
- Collaborated with clients to understand requirements and translate them into analytical solutions.

AI Data Contributor | Appen

- Contributed to AI model improvement through high-quality voice data collection and annotation.
- Participated in projects such as Mondsee – Scripted Speech Collection (arz_EG) and A14329 TTS – Egyptian Arabic.
- Ensured data accuracy and adherence to linguistic and quality guidelines.
